## About EAS

EAS has been in business since 1977. Our company provides BLS and SCT services throughout LA and Orange Counties and responds to both inter-facility and 911 calls. Our clients include hospitals, nursing homes, home health and hospice agencies, managed care organizations, physician's groups/IPAs, local government agencies and numerous insurance companies throughout L.A. and Orange Counties, as well as the Brea Fire Dept. and Orange County Fire Authority.

EAS remains one of the most respected family-owned providers of medical transportation in Southern California, as our company was founded on a “personal” approach to providing services and every employee is considered “part of the family.”
